# Your Bridal Experience

## My Approach

I provide hair and makeup for the modern bride, specialising in natural to soft glam looks, glowing skin, and timeless, modern hairstyles.

## Your Experience

Your experience is completely personalised. There's no one 'bridal look' - your hair and makeup are tailored entirely to you. I'm here to guide you in discovering the style that feels authentically yours.

## Our Journey

**Booking:** Choose your bridal package, then customise your experience with additional services for your bridal party. I'll send a personalised quote, and once accepted, your date is officially secured. From that moment, I'll be on hand with guidance, recommendations, and support throughout your journey.

**Trial**

A few months before your wedding, we'll refine your hair and makeup look together, ensuring it feels perfectly you and beautifully aligned with your vision. After your trial, you'll receive a personalised wedding morning timeline so you know exactly what to expect—calm, organised, and completely stress free.

**Wedding Day**

On the morning of your wedding, I'll arrive 15 minutes early to set up, ensuring everything runs smoothly and without stress. All that's left for you is to sit back, enjoy the pampering, and soak in every beautiful moment.

# FREQUENTY ASKED QUESTIONS

## All you need to know for your perfect wedding day.

### Can I book a trial before confirming my wedding?

Due to high demand, I am unable to offer trials before securing a wedding booking. To ensure my availability for your date, a wedding booking must be confirmed first. Trials are then scheduled closer to your wedding day.

### When should I book my trial?

I recommend booking your trial 1 -3 months before your wedding day. Trials are held Monday - Friday at my home studio in South Manchester. Trials for more than two people will be mobile appointments and include a travel fee.

### Can you accommodate large bridal parties?

With typical ceremony timings, I can usually accommodate up to six services myself (for example, bride + 2 hair and makeup). If additional services are required, I can request the availability of a second artist. Please note that a second artist is subject to availability and may incur an additional cost.

### What products do you use?

I use a carefully curated kit of luxury, high-performance products. For makeup, my kit includes products from Charlotte Tilbury, NARS, Hourglass, and Bobbi Brown. For hair, I work with professional favourites including BaByliss Pro and Schwarzkopf. Together, they ensure a long lasting, flawless finish that looks beautiful both in person and in photos.
